Remote Courtroom Appearances

LACourtConnect (LACC), the Court's free remote appearance technology, is now available to our officers for remote appearances on traffic or infraction trials.

The three-step process to utilize LA Court Connect is as follows:

- 1) Create a Court ID online
- 2) Schedule your remote appearance (30 days to 30 minutes prior to the trial)
- 3) Log in at least 15 minutes prior to your appearance. Test your connection and equipment to ensure your video and audio is working properly.

Detailed information, including video tutorials can be found online at

<https://my.lacourt.org/laccwelcome>

Please note, remote courtroom appearances do not support viewing or exchanging of evidence and are for testimony only. If there is evidence to present, such as photographs, video, drawings, etc., you must appear in court for the trial.
