

Request for the Duplication of Plans
There is a \$ 199.16 fee for the duplication of plans due at the time of submittal

The official copy of the plans maintained by the Building Division are available for review only while on the premises of the Building Division as a public record. Section 19851 of the California Health and Safety Code states that plans may not be duplicated in whole or in part except:

- 1. with the written permission, which permission shall not be unreasonably withheld as specified in subdivision (f), of the certified, licensed or registered professional or his/her successor, if any, who signed the original documents and the written permission of the original or current owner of the building. Or, if the building is part of a common interest development, with the written permission of the board of directors or governing body of the association established to manage the common interest development.
2. by order of a proper court or upon the request of any state agency.

PROCESS TIMELINE: Please be prepared for the authorization and approval process from the design professional to take 30 - 60 days to complete and additional time for City staff to process. California Law states that the architect/engineer has 30 days to respond to this request, and that an additional 30 days may be granted due to extenuating circumstances as described in Health and Safety Code Section 19851(f)(1).

The following affidavit is required under Section 19851 (c) of the California Health and Safety Code as a condition of receiving a duplicate copy of official plans held by the City of Downey.

AFFIDAVIT

I, _____ in requesting a duplicate copy of the official plans for the building at _____, Downey, California, stipulate to all of the following conditions as required by the California Health and Safety Code:

- 1. That the copy of the plans shall be used for the maintenance, operation, and use of the building.
2. That drawings are instruments of professional service and are incomplete without the interpretation of the certified, licensed, or registered professional of record.
3. That subdivision (a) of Section 5536.25 of the Business and Professional Code states that a licensed architect who signs plans, specifications, reports, or documents shall not be responsible for damage caused by subsequent changes to, or use of, those plans, specifications, reports, or documents where the subsequent changes or uses, including changes or uses made by state or local government agencies, are not authorized or approved by the licensed architect who originally signed the plans, specifications, reports, or documents, provided that the architectural service rendered by the architect who signed the plans, specifications, reports, or documents was not also a proximate cause of the damage.

I declare under penalty of perjury that the foregoing is true and correct.
